

Wastewater Operator  
Hinesville, GA  
ESG Operations, an Inframark Company  
[www.inframark.com/careers](http://www.inframark.com/careers)

ESG Operations, an Inframark Company, is hiring a licensed Wastewater Operator in Hinesville. We are looking for candidates with a Class 2 valid Georgia operators license to work with our operations and maintenance team responsible for the wastewater treatment at a 10 MGD treatment plant.

#### RESPONSIBILITIES

- Operates a variety of equipment/machinery including: valves, pumps, motors, belt presses, disinfection equipment, vehicles, etc.
- Conducts routine testing, monitoring and maintenance of production wells, water/wastewater facilities.
- Performs and documents treatment process and maintenance of treatment facility equipment to assure proper operations and documents. Documents plant performance including daily flow and chemical usage.
- Responds to call outs and after-hours emergencies to repair treatment equipment, pumps, motors, sensing devices, instrumentation and electrical support.
- Provides customer service functions when necessary.
- Ensures facilities are secure. Cleans and maintains treatment plant grounds when necessary.
- May communicate with client and customers related to routine technical aspects of operations.
- May coordinate maintenance activities at the treatment facility.
- Other duties as assigned.
- Willing to work all shifts, including: weekends, holidays, evening and 24-hour emergency on call.

**Education/Experience:** High School Diploma or GED and 2 years water/wastewater experience.

**Licenses/Certifications:** Valid Driver's License (CDL preferred). Water/Wastewater Operator's License specific to state and site-specific requirements. Other licenses may vary according to specific site and assignments.

**Technical:** Ability to follow manual & operating instructions. Basic proficiency with Microsoft Office applications & internet. Basic knowledge of water/wastewater operations. Working knowledge of electrical components.

**Communication:** Communicates clearly & professionally. Contributes to a positive internal & external customer experience. Maintains composure in challenging situations. Collaborates with others. Asks for constructive feedback.

**Problem Solving & Quality:** Pays attention to detail. Identifies & solves problems. Escalates issues accordingly. Checks work for quality. Shares suggestions to improve quality & productivity.

**Managing for Results:** Works independently with minimal supervision. Takes projects to completion. Follows all company policies & SOPs. Manages multiple tasks. Demonstrates flexibility in workflow & scheduling.

**Leadership & Initiative:** Demonstrates a positive attitude. Acts in accordance with company vision, mission & values. Takes accountability for own performance. Willing to take on additional assignments. Seeks out opportunities for development.

**PHYSICAL DEMANDS:** Must be able to: frequently lift 50-60 pounds; load, unload & move large equipment/tools; access confined spaces; continuously walk and climb stairs and ladders.
