FULL TIME Wastewater Plant Operator Position – Waycross, Georgia

ESG Operations Inc. is currently seeking a candidate for a full time Waste Water Treatment Plant Operator for our Waycross Georgia Wastewater Facilities.

This position is a full time, permanent position with room for advancement within a progressive professional Utility Operations group, ESG Operations INC. The successful candidate should possess a valid Georgia Class 3, 2 or 1 Wastewater Operators certification. Added skills that would be an asset, but not required would include: some electrical, mechanical and pump maintenance experience

This position includes, but is not limited to: inspection of treatment facilities and troubleshooting of system processes and general maintenance and repairs of equipment related to Wastewater plants, process control and chemical feed equipment and other duties assigned by the Operations Supervisor.

Some on-call weekend work will be required but limited. This is an hourly position, and pay rate will be commensurate with experience and level of certification. This is a great opportunity for the right candidate to advance. Individuals who possess strong work ethic, good computer skills, related maintenance skills and leadership qualities will be considered regardless of certification level.
