

DEPUTY DIRECTOR OF WATER & WASTEWATER

The City of Griffin, GA Seeks a Deputy Director of Water & Wastewater

The City of Griffin, Georgia is comfortably located approximately 40 miles south of Atlanta and 10 miles west of Interstate 75. With a population of almost 24,000 and an area of 14.6 square miles, Griffin combines hometown charm with big city convenience, making it the perfect place to live, work and raise a family. Our beautiful tree-lined streets and well established neighborhoods provide a comfortable and relaxing lifestyle. Our public, technical and secondary educational system, arts and recreational programs combine to nurture both the mind and body. Our vibrant retail community attracts consumers from throughout the region, with na-

tional and local merchants providing quality shopping, entertainment and dining options.

The Water & Wastewater Department operates two water treatment plants that are permitted for a total of 24.5 MGD. The City of Griffin owns and operates a regional distribution system servicing Griffin, Williamson, Zebulon and Concord. In addition, we service Pike County, Spalding County and parts of Coweta and Meriwether Counties. In addition, we are the owner and operator of three (3) wastewater treatment plants and one land application system. We are currently permitted for 6.75 MGD. It is our commitment to provide the

finest drinking water possible and deliver superior service to our customers at a reasonable cost.

Griffin is a Commission-Manager form of government with seven commissioners who direct the operations of the City government through a City Manager. Services of the City are directed by seven Department Directors including Administrative Services, Central Services, Planning & Development, Public Works & Utilities, Electric., Police and Fire. The Deputy Director of Water & Wastewater reports directly to the Director of Public Works & Utilities.
