

The City of Nicholls is seeking a State Certified Class 3 or Higher Wastewater Operator. The applicant will also be handling the daily activities/maintenance of the Land Application System Wastewater Plant as well as the Collection System. The applicant will fall under the direction/Report to the Public Works Director and/or Mayor.

**EDUCATION AND EXPERIENCE:** Completion of a standard high school course or its equivalent. Possession of a Class III Wastewater Operator license or Higher from the State of Georgia is required. Maintain required continuing education points through wastewater courses funded by employer. Possession of a valid Georgia driver's license. An equivalent combination of education and experience is acceptable.

Job description below:

- Maintains and wears proper safety apparel.
- Recognizes equipment failures or deficiencies and takes appropriate corrective action utilizing sound judgment.
- Reads a variety of charts and meters, keeping accurate log sheets and preparing reports.
- May participate in instructing and familiarizing trainees and newly hired operators with the various aspects of plant operation.
- Prepares work order requests/Purchase Orders to repair, replace, or calibrate plant/collection system equipment.
- May supervise maintenance workers engaged in routine plant operations.
- Transmits special operating procedures and instructions to subsequent shifts.
- Informs Public Works Director/Mayor of any mechanical defect and may be assigned to assist in preventive maintenance of equipment.
- Performs related work as assigned.
- Will be required to fulfill duties as needed after hours including Holidays or Paid Time Off.
- Pay will be based on prior experience/negotiated.
- Hired Applicant will have a Six-Month Probationary Period.
